

Boat Buddy – Environmental Statement

Yellow Dolphins commitment to environmental awareness and preservation is reflected throughout our business. Yellow Dolphin is committed to conducting business in a manner that manages environmental issues responsibly. We fulfil this commitment by:

- Complying with environmental regulations
- Conducting operations in an environmentally sound manner
- Applying the principles of reduce, reuse and recycle in all processes
- Promoting environmental responsibility among our employees
- Striving to ensure that suppliers agree to comply with environmental regulations
- Pursuing continuous improvement in our environmental performance
- Clearly communicating Yellow Dolphins environmental policy, practices, and impact to interested parties

Description

The Boat Buddy system is specifically designed for use on Fibreglass boats and with protection of the delicate marine/aquatic environment as a specific consideration. As such all BoatBuddy run off products are biodegradable when released in to the watercourse in accordance with criteria laid down in Regulation (EC) No. 648/2004 on detergents. All of these wash down systems are compliant with the BMIF wash down Environmental Code of Practise.

British Marine Federations

All work is carried out in accordance with the British Marine Federations Environmental code of practise issued in conjunction with the UK Environment Agency and Royal Yachting Association. All our run off products are not likely to result in adverse environmental effects once released after use.

UK Regulatory

The Chemicals (Hazard Information and Packaging Supply) Regulations 2002.
The Control of Substances Hazardous to Health Regulations 2002

Environmental Listing

Rivers (Prevention of Pollution) Act 1961.
Control of Pollution (Special Waste Regulations) Act 1980
